Let's Go!

Deliver

**BASED ON THE PROJECT
SCHEDULE PROVIDED, THE
DELIVERY DATE FOR THE
PROMO CARD PROJECT
WOULD BE DECEMBER 31,
2023.**

Contingency Planning and Risk Management is an ongoing task that could potentially be delayed without affecting the overall project timeline, as long as the project team is able to effectively manage and respond to risks throughout the project lifecycle.

That being said, it is important to carefully evaluate the impact of any potential delays or changes to the project schedule, and to communicate any changes to the project team and stakeholders in a timely and transparent manner to minimize any negative impact on the project.
